“Thank you so much for providing me with so much information and knowledge on how to use this as an effective learning tool.”

Jazmine Clark
Edith Cavell Primary School

What is Learning Village?

Learning Village is a blended vocabulary, language structure, and reading programme, which uses a unique, image-based approach to teach English to EAL, SEND, and low-level literacy learners.

What does the course cover?

- Learning Village methodology
- Enrolling and assessing learners, including AI marking of writing feature
- Supporting independent learning and small-group, out-of-class teaching
- Planning and tracking learning
- Viewing progress and results
- Using AI tools to create customisable printable resources to support adaptive teaching
- Bespoke online content
- EAL Ofsted requirements (if requested)

If you aren't yet a member, receive your free trial of Learning Village on the course and put it into practice
