Best Practice Using the Learning Village Course

**Blended English language
learning tool for learners new
to English or with low-level
literacy skills**

This one-day course is an in-person event with the option to attend online. It explores the assessment, planning, teaching and delivery of EAL lessons for new arrivals and intermediate learners using the Learning Village, as well as creating offline scaffolded resources and bespoke online content to further support differentiation in class. It is designed for ESOL teachers, senior leaders and teaching assistants. This course is suitable for anyone using the Learning Village or interested in becoming members.
