Technical requirements

In order to access this webinar, you will need to ensure that you have whitelisted (unblocked) the following domains:

- *.join.me
- *.logme.in
- *.logmein.com
- *.msecnd.net (for accessing recordings)
- fsscdn.azureedge.net

To access the live webinar, you will also need to have headphones/speakers and a microphone (microphones are usually built into laptops). Your normal Learning Village headset with a microphone attachment should work well.

Note that there is also a number you can call to join the webinar if you don't have access to headphones/speakers and a microphone. This will be emailed to you nearer to the webinar date.

We advise that we connect with your IT person before the webinar to test the set up. Please contact us to get this arranged.

If you have any questions, please do not hesitate to get in touch with us at info@axcultures.com or +44 (0) 118 335 0035.
