

Do you want to give your child a head-start in learning English?

Would you like a supportive programme to help your child improve their English?

- **The programme teaches through IMAGES.**
- **Designed for children to use at home to develop their English** - regardless of their English learning starting points and home language.
- As children **progress through their learning** they will meet virtual friends and upgrade their village or islands.

Welcome to the Learning Village!

VILLAGE

for 6-11 year olds

ISLANDS

for 12-16 year olds

Your child can:

- Learn English through carefully selected vocabulary in sentence patterns.
- Learn to read in English through a powerful approach to learning through images.
- Build their confidence in speaking and listening through language models and speech recognition technology.
- Get a head-start on what they are learning about at school through access to 2,000 lessons in curriculum vocabulary and sentences.
- Take ownership over their learning.

You can:

- Monitor your child's learning progress.
- Benefit from a tailored teaching programme for your child.
- Feel confident that your child is in safe hands.
